Stock condition surveys are carried out every three years using different samples each time using an independent company Brown and Wallace.
Property services staff assess the stock through property inspections alongside planned maintenance march ins.
We carry out weekly estate management inspections and pre and post inspections for repairs. Planned maintenance programmes allow for further inspections to take place. We also have a bespoke energy database created by Alembic Research which has an energy performance certificate for every property.
The LCC information is reviewed with Gardeen staff and the Finance and Maintenance Consultants to highlight any requirements to amend the programme. The Maintenance Consultant, Tom Atkinson, has also verified the LCC information.
Stock condition surveys were also carried out in 2006, 2009, 2012, 2015, 2018 and 2021. The Association has allowed for adequate resources to ensure that stock condition information is reviewed and updated on a regular basis. In 2018 78 surveys were carried out but are not included in C7.2 as these were outwith the last 5 years.
Our 2021 survey programme was restricted due to lower tenant access rates as a result of the Covid-19 pandemic. Our next survey is planned for 2027.
D.A. Gilmour Ltd also carried out a programme of dilapidation surveys during 2024/25. Communal closes and main door properties were surveyed externally.

As a result of these 2 cases we implemented a forced access procedure in relation to EICRs to prevent any further deadlines being missed. We also changed our procedure to start pursuing access 4 months in advance for EICRs instead of 2 months ahead.

Tenant 00280: Access was gained before the anniversary date however the tenant had tampered with their electrical meter so they had to arrange for their supplier to make the meter safe. We commenced legal action against this tenant and carried out the EICR as soon as it was safe to do so. Deadline was 8/10/2025 and EICR carried out on 23/10/2025.

No EICRs deadlines have been missed since we implemented the new forced access procedure and all EICRs due to be completed by the year end were completed by 31/3/2026.
