

Be a greener business

Support your local community

Buy your cleaning and other eco-friendly products from Dear Green Planet.

We can deliver

floor cleaner
toilet cleaner
washing up liquid
environmentally friendly soaps.

These products do the job really well, and they are made from ethically sourced ingredients. Most importantly, they cause no harm when released into the environment.

To keep down the use of plastics, we can refill your bottles and sprays. We'll even collect the empty ones and deliver them refilled.

Come in and see us to talk about your needs. We are located in The Space, 257 London Road, - a unique community arts and social space and pay-what-you-can café working to make the East End a kinder place.
