## Regulatory Standard 6

### The governing body and senior officers have the skills and knowledge they need to be effective.

6.2 The governing body annually assesses the skills, knowledge, diversity and objectivity it needs to provide capable leadership, control and constructive challenge to achieve the RSL's purpose, deliver good tenant outcomes, and manage its affairs. It assesses the contribution of continuing governing body members, and what gaps there are that need to be filled.

The Association is a member of the following organisations:

- Employers in Voluntary Housing (EVH);
- Easterhouse Housing and Regeneration Alliance (EHRA);
- Scottish Federation of Housing Associations (SFHA) and
- Glasgow and West of Scotland Housing Forum of Housing Associations

Each of these bodies offers a training programme. Members may wish to attend relevant conferences and are asked to contact a member of the staff team if they would like to be booked on a course/event.

The annual programme of Committee reviews has identified the following areas of interest/priorities for training:
